In the first year of this 2 year stand alone course you will learn to nurture children's development by enhancing social, emotional, cognitive, creative, language and physical skills for independence, peer interaction and school readiness.

You will learn to analyse and interpret children's play, and thus be able to enhance their learning opportunities and developmental progression. You will also discover the value of documentation as a design process creating collaborative discussion and interpretation for continued learning.

ZOI's Diploma program is designed so students can obtain their Certificate III qualification, in addition to their Diploma qualification over the same period.

Student Support Services

OVERSEAS STUDENT HEALTH COVER

As an international student, it is a condition of your student visa that you have Overseas Student Health Cover (OSHC) for the entire duration of your stay in Australia.

Your OSHC will help you pay for any medical or hospital care you may need while you're studying and it will contribute towards the cost of most prescription medicines or ambulance services in an emergency.

ZOI can take the stress out of sorting out your cover. We have affiliated health cover partners who can organise your OSHS so you are covered from arrival.

If you would like to know more about OSHC insurance and what it covers, go to <http://www.health.gov.au/> and search OSHC to find more information.

ORIENTATION PROGRAM

After your arrival, you will be provided with information to assist you with adjusting to study and life in Australia. Our step-by-step Orientation Program will assist you to settle into living and studying in Parkville, fully explore the services provided by ZOI Education and complete all official documentation for enrollment.

STUDENT ACCOMMODATION

Many students choose to arrange long-term housing prior to arriving in Melbourne, however if you prefer to wait until you arrive, we recommend you arrange temporary accommodation before departing home.

For most students, temporary accommodation is needed for a few nights before your long-term housing becomes available, even if it was secured early.

Keep in mind that if you have not pre-arranged long-term housing, you may need temporary accommodation for a longer period.

If needed, our team can help you to locate temporary housing while you search for something specific to your needs.

STUDENT SUPPORT SERVICES

ZOI's student support team are committed to supporting our students with their queries, any special needs or simply to provide them assistance whilst living in Australia. They are also instrumental in arranging activities to ensure students feel they are embraced and cared for, whilst studying at our education centre.
